Hi Guys. We recently sent out a newsletter to limited partners of our second VC fund. It covers our Blockchain investment thesis and highlights you guys, along with ChangeTip and BitPesa.

If you guys run across people that are interested in a diversified Blockchain/Bitcoin VC fund please send them our way! The fund is still open.

Also, if you guys are ever interested in selling some stock in a secondary sale so you can buy a house or something like that, we know quite a few groups who might be buyers.

Keep up the kick ass work!

Best,

Bart, Brad and Brock
