Subject: Blythe Masters Introduction help

Hey Jeffrey,

Hope you are well. <=div>

I'm not sure if you know Blythe Masters or saw her recent career move.

A large part of what we are doing with Blockstream is helping companies issue assets on the blockchain and help them do settlement and innovate in new asset transfer systems.

This sounds like something that her new company is approaching.

If you would be willing to introduce us that would be very much appreciated.

Thank you,

Austin Hill
